

Organising refresher trainings

At the training building of the Competence Centre for Ecological Building Eestimaehitus (EME), you can undergo trainings and learn in a natural indoor learning environment. Adults can take different trainings in all areas taught at EME. At refresher trainings, it is possible to develop existing professional knowledge and skills or to learn a completely new speciality.

Trainings take place at EME's learning facility in Mooste, Põlva County, and Hobukooli Park in Paide, Järva County. Upon the client's request, we can organise trainings also at the client's location. Based on the client's needs, we will prepare suitable curricula and involve instructors.

- Trainings are carried out by EME's educators, practitioners, lecturers of partners, and specialists in the specific field.
- Those who pass a training will receive an EME refresher training attestation.
- In addition to individuals, employees assigned by companies also take part in our trainings.
- EME is a cooperation partner of the training card of the Estonian Unemployment Insurance Fund.

See the [Adult Education Act](#) that entered into force on 1 July 2015 and the amendment to section 26 of the Income Tax Act that entered into force on 1 January 2016
